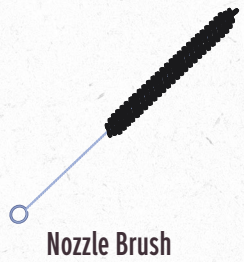
DAILY CLEANING & SANITIZATION PROCEDURES

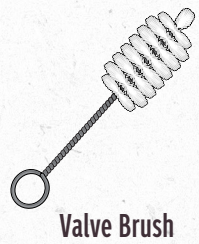
TOOLS YOU WILL NEED:

3 gallon bucket

Approved Sanitizer

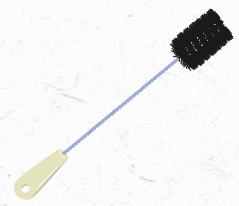


Nozzle Brush

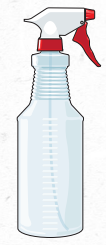


Valve Brush

Clean Cloths



Ice Chute Brush



Empty Spray Bottle

IMPORTANT DO NOT RUN nozzles, drip pan or other small parts through a dishwasher and DO NOT USE HOT WATER or BLEACH.

Cleaning the Dispensing Valves

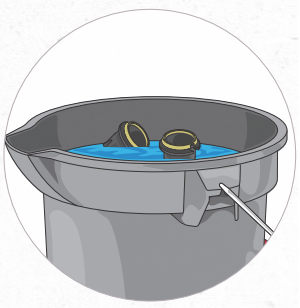
1 Wash hands with soap and water

2 Prepare approved sanitizer in 3 gallon bucket

3 Fill empty spray bottle with sanitizer from bucket

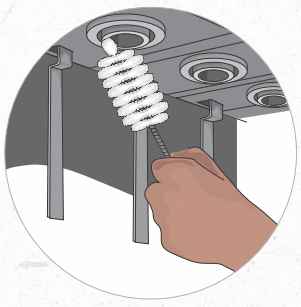
4 Remove nozzles/diffusers from dispenser valves

5 Clean in approved sanitizer with nozzle brush



6 Place in approved sanitizer for at least 3 minutes

7 Remove nozzles/diffusers from approved sanitizer and let air dry



8 Spray and scrub each lower valve body and lever

9 Wipe the lower valve body and lever dry with a clean cloth

10 Wash hands with soap and water

11 Once dry, reinstall all nozzles and diffusers

12 Activate valves for 10 seconds and taste-test each drink

Cleaning the Drip Pan

1 Pour 1/2 gallon of approved sanitizer over cup rest and down the drip pan drain

2 Remove rack, wipe down the drip pan with a clean cloth and approved sanitizer

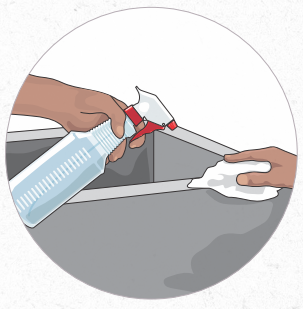
Cleaning the Exterior

1 Spray down surface of the dispenser (valves, levers, & sides)

2 Wipe down all exterior components with a clean, dry cloth

Cleaning the Drop-In Ice Bin

1 Empty the ice bin, then pour 1/2 gallon approved sanitizer



2 Spray all interior surfaces with approved sanitizer and wipe dry with a clean cloth

Cleaning the Ice Combo Ice Chute

1 Dip the ice chute brush into bucket of approved sanitizer

2 Thoroughly clean ice chute with the ice chute brush
