Juice Dispenser Shut-down Procedure

Turn the dispenser key (located on the side of the equipment) to the FLUSH Mode.

Prime pump by pressing the * button on the flavor that has been replaced until product flows from the nozzle. Note: This also resets the SOLDOUT display. Turn the dispenser key back to the ON mode.

Open the dispenser door by pressing the # button on the door. Then lift the door.

part #: 107809

SHUT DOWN INSTRUCTIONS FOR MINUTE MAID 2 & 4 VALVE JUICERS

- Turn key switch to "FLUSH MODE," flush each valve of dispenser until clear water flows from the nozzle.
- Open door and lift up on the check valve (yellow elbow) to remove it from the Minute Pak® container.
- Remove Minute Pak® container from dispenser and refrigerate.
- Remove nozzles. Wash thoroughly with warm, soapy water using a mild detergent. Rinse thoroughly with clean, warm water and replace. DO NOT SOAK NOZZLES IN CHLORINE SOLUTION OVERNIGHT. THIS WILL CAUSE NOZZLES TO SWELL AND PLASTIC WILL BEGIN TO DETERIORATE.
- Using a funnel, fill each specially marked sanitizing container up to the top with COOL chlorinated sanitizing solution (Kay-5); place sanitizing container in dispenser.
- IF YOU DO NOT HAVE THE SANITIZING CONTATINER, PLEASE USE A LARGE CUP FILLED WITH KAY-5
- Replace check valve in sanitizing container (or if using a cup make sure the check valve stays in the solution)
- Activate "PURGE BUTTON" for two (2) minutes ensuring concentrate lines are full of solution. Let solution stand for five (5) minutes without dispensing.
- For each valve, perform a second two (2) minute dispense and let stand for an additional five (5) minutes.
- Activate "PURGE BUTTON" until the sanitizing solution empties from the sanitizing container.
- Remove check valve from sanitizing container, remove sanitizing container, and pour out any sanitizing solution that remains in the container.
- Repeat for each valve.
- Unplug the dispenser.

If you have any questions or problems, please feel free to call Coca-Cola at 800-241-COKE (2653) and ask to speak with myCoketech, who will be happy to assist.
